FTI COVID-19 Safety Measures (Effective June 1, 2020) (Updated Aug 7, 2020)

The following safety measures are in effect when entering FTI facilities.

Entry to building:

1. Upon entering the building all visitors will be screened by the front desk personnel. Screening will include temperature checks and a series of questions.
2. Visitors are asked to wear a mask.
3. In the event that more than three visitors are waiting in the lobby, all visitors will sign in and provide a cell phone number on which they can be reached. Visitors will then return to their car and receive a phone call when a staff member is able to meet with them.

Scheduled Pearson Vue and Other Testing:

1. All testers will complete the building entry screening process as listed above.
 2. All testers taking an exam scheduled June – December 2020 are required to wear a mask at all times. Per Pearson Vue, failure to comply will force us to terminate your test.
 3. Only 8 testing stations are allotted at one time with 6 feet spacing between testers.
